SUMMARY

Certified Full Stack Engineer merging logic and innovation. Known as an innate problem-solver with a keen attention to detail and dedicated work ethic. Passionate about long-term sustainability with a focus on prevention and accountability. With an exemplary understanding of JavaScript / React, GraphQL and Mongoose / MongoDB, works well under pressure and facilitates productive communication. Eager to apply my new skills in web development with a courageous group of individuals willing to break unprecedented ground in what technology could offer, if the right intentions were present, I am committed to a life of learning and will always provide ideas and work of the highest caliber.

TECHNICAL SKILLS

Languages: HTML5, CSS, JavaScript, Node.js, Python, Sequelize, Mongoose, Handlebars.js
Third Party APIs: JQuery, Bootstrap
Server Requests: RESTful APIs, Express.js, GraphQL
Databases: MySQL, MongoDB
Tools: Git, AWS, Insomnia, Heroku, Session-Cookie, JSON Web Token

PROJECTS

re:mind | https://re-mind-app.herokuapp.com/ | https://github.com/lyndseyjw/re_mind
- A MERN Full Stack Web Application that allows users to gain new insights on how their physical habits affect their mental state
- Co-Contributor - Main role = Frontend / React Engineer
- React, JavaScript, Moment.js, CSS, Bootstrap, JWT-Authentication, Node.js, Express.js, GraphQl, Mongoose, MongoDB, Heroku

Park Smart | https://parksmart2021.herokuapp.com/ | https://github.com/lyndseyjw/ParkSmart
- MVC-Structured Full Stack Web Application that allows users living in a congested neighborhood to find parking and manage their day accordingly
- Co-Contributor - Main role = Frontend JavaScript Engineer
- Handlebars.js, Bootstrap, CSS, JavaScript, Moment.js, Session-Cookie, RESTful APIs, Node.js, Express.js, Sequelize, mySQL, Heroku

Tech Blog | https://sheltered-journey-74962.herokuapp.com/ | https://github.com/lyndseyjw/tech-blog
- MVC-Structured Full Stack Web Application that allows fellow tech enthusiasts to share personal insights into and stay up to date on the latest trends in the tech world
- Chief and sole contributor
- Handlebars.js, Bootstrap, CSS, JavaScript, Session-Cookie, RESTful APIs, Express.js, Node.js, Sequelize, mySQL, Heroku

Weather Dashboard | https://github.com/lyndseyjw/weather-dashboard | https://lyndseyjw.github.io/weather-dashboard/
- Front End Web Application utilizing third-party API fetch requests and local storage so users may search for 5-day weather forecasts and save their search history for a more personal and convenient experience
- Chief and sole contributor
- HTML5, CSS, JQuery, API-fetch, Local Storage

Employee Tracker Database | https://github.com/lyndseyjw/employee-tracker-database
- Backend Web Application that allows web developers to manage their company's employee structure
- Chief and sole contributor
- Javascript, Node, Inquirer, Sequelize, mySQL

EXPERIENCE

Interior Design Assistant   **2021 – Present**
D&D Creations   **Los Angeles, CA**
- Oversee 3 client projects synchronously, creating 10+ room boards per client to track project progress and 2 proposals per week to process order payment and delivery
- Collaborate with design team 24/7 to bring clients the greatest balance of design and function, communicating task delineation and completing 5 tasks minimum daily
- Engineer 30 3D models using Sketchup after measuring 10+ rooms per client home
- Consolidate with third party contractors to reduce company dues up to 30%

Key Accomplishments:
- Spearhead the integration of Sketchup into the company's client portfolio - a self-taught and self-motivated skill, learned in under 2 hours after analyzing company deficits and taking the initiative to meet current production needs
- Awarded praise from CEO for dedication to a flexible schedule and a loyal work ethic

Education Sabbatical   **2018 - 2021**
Yo San University   **Los Angeles, CA**
- Worked as a nanny while studying for a Masters Degree in Acupuncture and Traditional Chinese Medicine
- Analyzed current market structure and social distancing mandates to realign career goals and implemented a more financially-stable plan to seek education in web development
- Envision merging my medical education with my web development knowledge as a heightened and diverse skill set I may offer to my future business team

Primary Care Medical Assistant   **2017 – 2018**
Memorial Clinical Associates   **Houston, TX**
- Ordered and completed diagnostic testing relevant to patients' history of present illness, verified health history, and acquired vitals for 20+ patients per day
- Applied flexible awareness to strict schedules and adapted to caseload requirements, amplifying the number of patients Dr. Shaad Shammas treated per day to 1.5 times more than the other 5 doctors in the clinic
- Fulfilled an average of 5 orders relevant to assessment/plan, wrote an average of 10 referrals per day, and drew up / administered an average of 20 intramuscular and subcutaneous injections per day
- Engaged with patients in an empathetic and professional manner, answered questions, gave advice, offered support, and dedicated the necessary hours to fulfill their health needs

Key Accomplishments:
- Outperformed my role as MA by receiving prescribing rights after 5 months, under the authorization of Dr. Shaad Shammas, as an acknowledgment of my dedicated work ethic and reliable level of competence
- Received praise from the head nurse and Dr. Saad Shammas for premier reliability in patient care
- Learned all basic MA training knowledge on the job and quickly implemented new skills practically

EDUCATION

Certificate in Full Stack Web Development   **Los Angeles, CA**
A 24-week intensive program focused on gaining technical programming skills and experience in computer science applied to HTML5, CSS3, JavaScript, JQuery, Responsive Design, Bootstrap, Handlebars.js, Local Storage, React.js, API Interaction, JSON, AJAX, Heroku, Github, MySQL, MongoDB, Node.js, Express, User Authentication, PWAs, MERN Stack, Quality Assurance, Python, Java, Amazon Web Services, and Firebase

Bachelor of Science in Health Promotion   **Athens, GA**
University of Georgia
